Spindles

Slide & Spindle Repair Service

Since 1952, Gilman Precision has been dedicated to the advancement of high precision solutions that improve efficiency and achieve longevity. Gilman develops customized slides and spindles for value-minded engineers with exacting needs and standards, and provides expert service for virtually any manufacturer's equipment. Serving a variety of industries and applications, these engineered solutions are advanced by a highly skilled, knowledgeable and experienced team that delivers on-time and within budget. Only the highest level of quality can be expected when you put Gilman Precision experience and expertise to work for you.

The Engineer's Idea Company...

Online 3D CAD Configurator

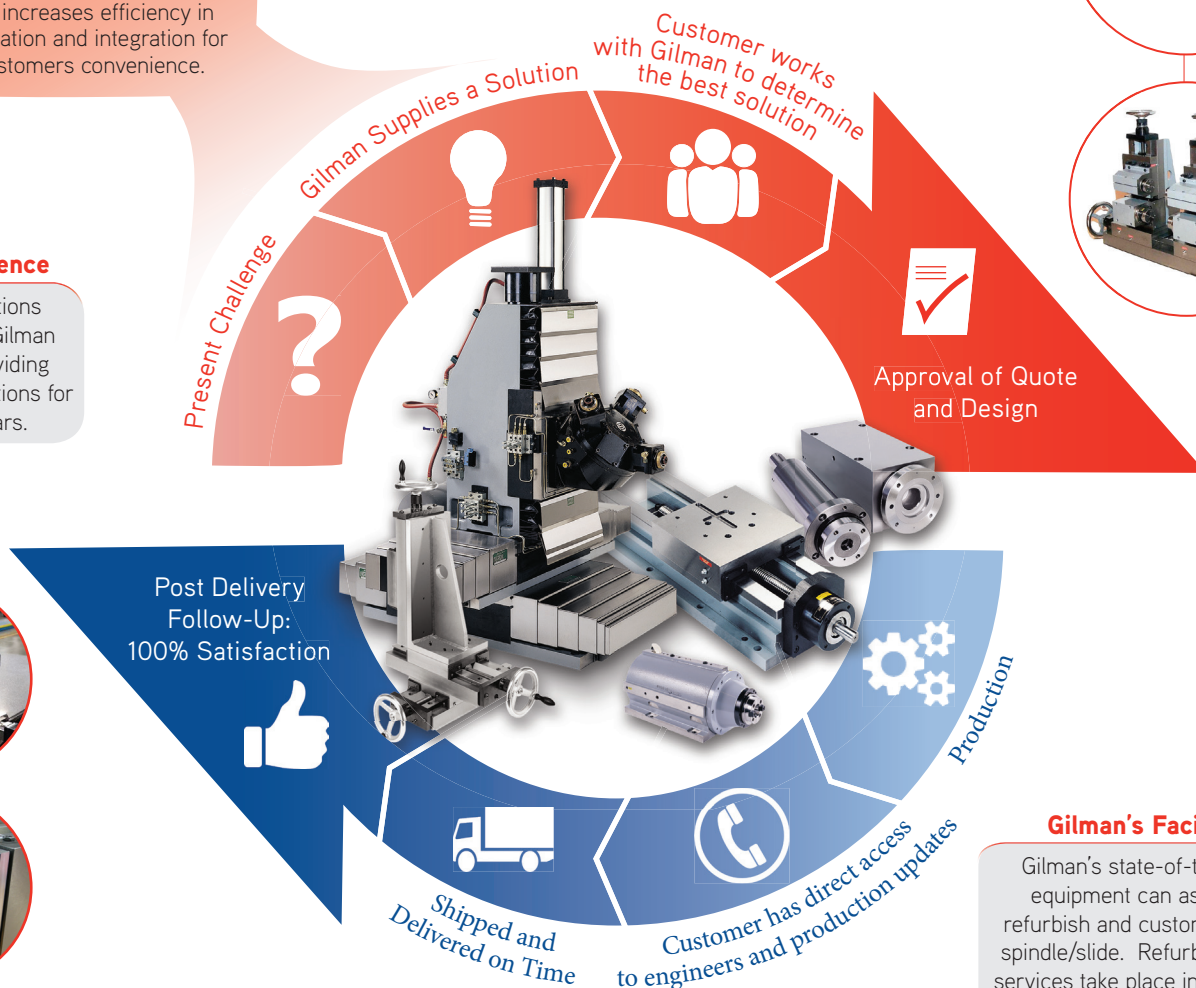

Users may log in at any time to view, download & customize Gilman CAD drawings. This feature increases efficiency in customization and integration for the customers convenience.

Our Experience

Custom solutions are not new, Gilman has been providing specialized solutions for over 60 years.

Customization Made Easy

Standard products may be customized by making simple adjustments, such as adding mounting holes, or by re-designing products to become complex multi-axis modules.

Did You Know?

70% of products Gilman Precision ships are custom designed.

Gilman's Facility

Gilman's state-of-the art equipment can assess, refurbish and customize any spindle/slide. Refurbishment services take place in Gilman's Class 10,000-level clean-room.

**When a generic, off-the-shelf part won't work...
Look to Gilman for a solution.**

Customized Rotary Motion Solutions... Since 1952.

Gilman prides itself on ingenuity and the ability of finding an answer for your engineering challenge. No matter how simple or complex, Gilman can design a slide or spindle to meet your exact need. Call us today to discuss your challenge.
