

# **Gilman Slide & Spindle Repair Services**

## **Give your Machine Components New Life**

With over 50 Years of Combined Repair Experience,  
Trust your Repairs with the Experts.

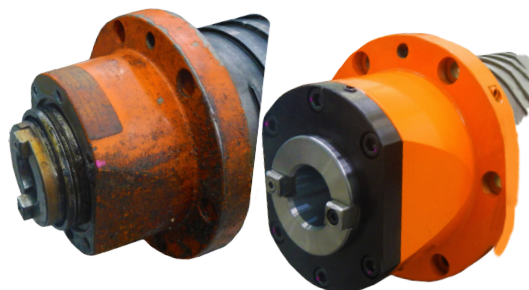

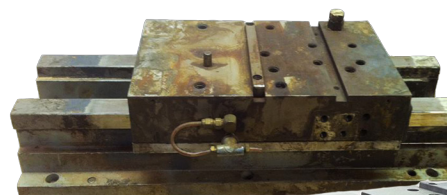

- **Repair, Rebuild, or Refurbish** your precision slide, high-speed spindle, or custom machine for better-than-new results.

- Utilize our highly trained technicians and state-of-the-art production equipment to assess and repair your damaged and aging machines so they can work in perfect, operating condition.

- Our repair services include the option of Gilman's R&R program and are backed by the same one year warranty that we offer on Gilman's new products.

- No cost evaluation and estimate.

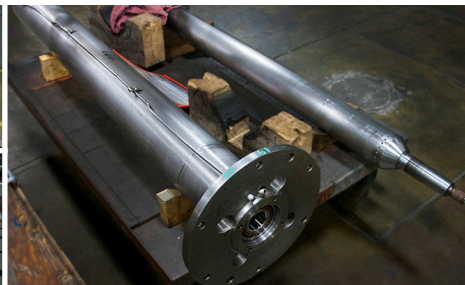

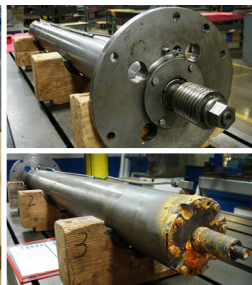

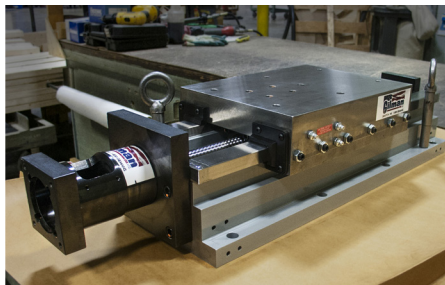

Since 1952, Gilman Precision has been dedicated to the advancement of high precision solutions that improve efficiency and achieve longevity. Gilman develops customized slides and spindles for value-minded engineers and maintenance coordinators with exacting needs and standards, and provides expert service for virtually any manufacturer's equipment. Serving a variety of industries and applications, these engineered solutions are advanced by a highly skilled, knowledgeable and experienced team that delivers on time and within budget.

**Gilman**  
SOLUTIONS FOR LINEAR & ROTARY MOTION

*Only the highest level of quality can be expected when you put Gilman Precision experience and expertise to work for you.*

# Avoid Costly Down Time- Put Our Expertise to Work for You.

## What's your backup plan for a down machine?

Gilman will provide solutions for your most challenging cases. If your spindle, slide, or customized machine fails tomorrow, Gilman Precision's repair service is your backup plan.

## Services Include:

- No cost evaluation and estimate
- Regrinding of precision surfaces
- Replacement of worn components
- High speed spindle rebuild
- Linear slide and spindle repair services
- Updates to drive systems
- Application of low-friction bearing material
- Assembly, Test, and Quality Assurance documentation

## Gilman's Facility:

The process of repairing, rebuilding, and refurbishing takes place in our class 10,000-level clean room, as well as QA testing in order to ensure that we meet or exceed the customer's expectation. Take a virtual tour of our facility on our website:  
[www.gilmanprecision.com](http://www.gilmanprecision.com)

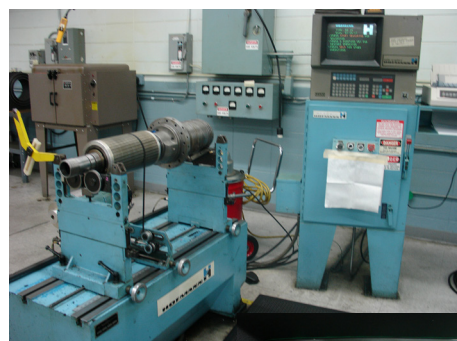

## Spindle Repair and Rotate:

The Gilman R&R Program allows you to save your shelves for inventory. Gilman will house your spindle after it has been repaired for up to 12 months. Don't worry, during this time Gilman will rotate the spindle monthly to ensure they are ready when you need them.

## Did you Know?

Using Gilman's Repair Service can save you approximately 40% more than purchasing new, and you will have your spindle back to OEM quality.

Gilman prides itself on ingenuity and the ability of finding an answer for your engineering challenge. No matter how simple or complex, Gilman can design a slide or spindle to meet your exact need. Call us today to discuss your challenge.
